

SAFETY DATA SHEETS

This SDS packet was issued with item:

071399161

The safety data sheets (SDS) in this packet apply to the individual products listed below. Please refer to invoice for specific item number(s).

510022152 510022166

Safety Data Sheet

Section 1: Identification

PRODUCT NAME: HYBENX® Advanced Dental Debridement

FOR PROFESSIONAL USE ONLY

MANUFACTURER NAME AND ADDRESS:

EPIEN Medical, Inc.
4225 White Bear Parkway
Suite 600
St. Paul, MN 55110
USA

EPIEN MEDICAL CUSTOMER SERVICE PHONE NUMBER:

1-651-653-3380 (8:00 a.m. – 4:30 p.m. Central Time)

Email: customerservice@epien.com

WEBSITES: www.epien.com

24 HOUR EMERGENCY PHONE NUMBER:

Safety Call International (866) 516-0243 / (952)-852-4659

HYBENX is indicated for use as an adjunctive rinse of tooth root surfaces during periodontal debridement procedures to help with the removal of contaminated debris from the sulcus;

HYBENX is indicated for use as an adjunctive rinse of exposed dentin surfaces in cavity preparations to assist in the removal of contaminated debris and smear layer;

HYBENX is indicated for use as an adjunctive rinse of the root canal systems and adjacent tooth surfaces during standard professional dental procedures to enhance the removal of post-instrumentation dentinal debris and smear-layer within the root canal systems.

HYBENX is contraindicated for use with calcium hydroxide paste and similar, related products. **Do not use if the patient is allergic to a material that contains sulfur in any form.**

Section 2: Hazard(s) Identification

HAZARD CLASS: 8

LABELS: CORROSIVE

NOTE: This is a medical product packaged in small quantities.

Section 3: Composition/Information on Ingredients

Hazardous Ingredients	Weight %	CAS #	EINECS #	Classification
Sulfonated phenolics	30-60%	1333-39-7 & 50855-43-1	215-587-0	C; R34
Sulfuric Acid	25-35%	7664-93-9	231-639-5	C; R35
Non-Hazardous Ingredients				
Water	Balance	7732-18-5	231-791-2	NA
FD&C Red #40 (Allura Red AC)	< 1 %	25956-17-6	247-368-0	NA
(Gel contains: Colloidal Silica)	1-5 %	112945-52-5	NA	NA

*all ingredients in quantities > 0.1 % that are **potentially** hazardous per definitions found in Directive 67/548/EEC

Section 4: First-Aid Measures

SYMPTOMS/EFFECTS

DERMAL: Mild irritant

INGESTION: Harmful if swallowed

OCULAR: Irritant to eyes.

CHRONIC HEALTH EFFECTS: No

INDICATION OF IMMEDIATE MEDICAL ATTENTION AND SPECIAL TREATMENT NEEDED

INTENDED SKIN CONTACT: If excess irritation occurs during use, a rinse with sodium bicarbonate (baking soda) solution will neutralize the reaction (use 0.5 teaspoon in 120 ml of water). If condition persists contact healthcare professional. **Do not use if the patient is allergic to a material that contains sulfur in any form.**

UNINTENDED SKIN CONTACT: Flush affected area with water. Seek medical attention if irritation develops and persists.

INGESTION: Rinse out mouth and dilute with water (no more than 8 ounces in adults and 4 ounces in children). **Do not induce vomiting.** Call a healthcare professional or Safety Call International.

EYE CONTACT: Flush thoroughly with water. If contact lenses present, remove and flush for additional 15 minutes with water, contact a healthcare professional.

INHALATION: Move to fresh air, seek medical attention if breathing difficulty develops.

Section 5: Fire-Fighting Measures

SUITABLE EXTINGUISHING MEDIA: Alcohol foam, dry chemical or CO2.

UNSUITABLE EXTINGUISHING MEDIA: Water stream.

UNUSUAL FIRE AND EXPLOSION HAZARDS: Material may spatter when water is first applied.

PROTECTION OF FIREFIGHTERS

HAZARDOUS COMBUSTION PRODUCTS: Carbon monoxide, carbon dioxide, and sulfur oxides.

SPECIAL PROTECTIVE EQUIPMENT AND PRECAUTIONS FOR FIREFIGHTERS: Use approved self-contained breathing apparatus (SCBA) and bunker or turn-out gear at warehouse/storage centers. See section 8 for protective equipment.

Section 6: Accidental Release Measures

STEPS TO BE TAKEN IN CASE THE MATERIAL IS SPILLED:

Do not attempt to clean up chemical spills without appropriate personal protective equipment (see section 8).

Do not touch or walk through spilled material. Soak material up with inert sorbent (DO NOT use organic materials such as sawdust), and transfer to plastic containers for disposal.

Keep waste out of sewers, watersheds, and waterways.

Section 7: Handling and Storage

Handling: Avoid eye contact. Avoid skin contact. Avoid breathing mists, sprays or vapors. See comments regarding personal protective equipment (see Section 8).

Storage: Industrial or transport - Store in a cool, dry, well-ventilated area out of direct sunlight at room temperature 15-30 °C or 59-86 °F. Protect package from damage to avoid spills. Keep containers tightly closed at all times. Store away from incompatible materials (see Section 10). Keep out of reach of children.

Section 8: Exposure Controls/Personal Protection

Hazardous ingredients*	OSHA PEL** TWA	OSHA PEL STEL/C	ACGIH TLV TWA	ACGIH TLV STEL/C
Sulphonated Phenolics	NE	NE	NE	NE
Sulfuric Acid	1.0 mg/m3	NE	0.2 mg/m3	NE

NE = not established **NA** = not applicable **NDA** = no data available

*all ingredients in quantities > 1.0 % (0.1 % for carcinogens) that are **potentially** hazardous per OSHA definitions (skin) - indicates harmful amounts may be absorbed through the skin.

** Some States enforce the PEL's that OSHA promulgated in 1989, which were subsequently vacated by the U.S. Supreme Court. Check with your State OSHA agency to determine which PEL is enforced in your jurisdiction.

ENGINEERING CONTROLS: Transient use of small quantities, as directed, is unlikely to require the use of any engineering (ventilation) controls.

BODY PROTECTION: Prevent skin contact. If spilled on clothing, remove immediately, flush skin area and rinse garment thoroughly.

EYE PROTECTION: Wear goggles and face shield if potential exists for direct splash to eye tissue.

RESPIRATORY PROTECTION: Use approved respiratory protection as necessary if any of the occupational exposure limits in Section 8 are exceeded. Seek professional advice prior to respirator selection or use. Follow national respirator guidelines.

Section 9: Physical and Chemical Properties

PHYSICAL STATE: Liquid or Gel	COLOR: Opaque Purple
ODOR: Faintly Acid	VAPOR PRESSURE: NA
FLASH POINT: None	FLAMMABLE LIMITS: UEL NA LEL: NA
AUTOIGNITION TEMPERATURE: NE	VAPOR DENSITY (air=1): >1
% VOLATILE BY VOLUME: NA	EVAPORATION RATE (n-butyl acetate=1): <1
BOILING POINT: NE	FREEZING POINT: NE
SPECIFIC GRAVITY: NE	VISCOSITY: > 700 centipoise
SOLUBILITY IN WATER: Miscible	BULK DENSITY: 1.6 g/ml
MELTING POINT: NE	pH: <2

Section 10: Stability and Reactivity

STABILITY: Stable at standard temperature and pressure.

INCOMPATIBILITIES/MATERIALS AND CONDITIONS TO AVOID: Strong oxidizing and reducing agents, potassium chlorate/perchlorate/permanganate, sodium, lithium, bases, organic material, halogens, metal acetylides, oxides and hydrides, metals (evolves hydrogen gas). Large quantities of product should not be allowed to contact water.

POSSIBILITY OF HAZARDOUS REACTIONS: Hazardous polymerization will not occur.

HAZARDOUS DECOMPOSITION PRODUCTS: Sulfur oxides, carbon dioxide and carbon monoxide.

Section 11: Toxicological Information

POSSIBLE TARGET ORGANS: Eyes and skin.

PRODUCT BASED INFORMATION: Because of its nature, prolonged use on normal tissue should be avoided. HYBENX will eventually slough any tissue to which it is applied if excess volume is used and an application time is grossly extended. **Do not use if allergic to sulfur in any form.**

INGREDIENT BASED INFORMATION: Call Safety Call for additional toxicity information on ingredients.

MEDICAL CONDITIONS THAT MAY BE AGGRAVATED BY EXPOSURE: Persons with pre-existing skin disorders may be more susceptible to the effects of this material. **Do not use if the patient is allergic to a material that contains sulfur in any form.**

CARCINOGENS: IARC – No [Significant exposure by inhalation to this product is unlikely – IARC has stated that “occupational exposure to strong-inorganic-acid mists is carcinogenic to humans (Group 1)”.]

SARA TITLE III (Superfund Amendments and Reauthorization Act)

Section 302 Extremely Hazardous Materials: Sulfuric acid

Section 304 Notification of Accidental Release: None

Sections 311/312 Hazard Categories: Immediate (acute) Health Effects: Yes
Delayed (Chronic) Health Effects: No
Fire Hazard: No

Sudden Release of Pressure Hazard: No
Reactivity Hazard: No

Section 12: Ecological Information* (non-mandatory)

ECOTOXICITY: Expected to be toxic to aquatic organisms.	PERSISTENCE/DEGRADABILITY: Biodegradable
BIOACCUMULATION/ACCUMULATION: NDA	MOBILITY IN SOIL: NDA

Section 13: Disposal Considerations* (non-mandatory)

DISPOSAL COMMENTS: Chemicals must be disposed of in compliance with the respective national regulations. Chemicals must be disposed of in compliance with the respective national regulations. This material (as packaged) is most likely considered a RCRA hazardous waste (D002, Corrosive). Be aware that the waste owner has responsibility for final disposal. Regulations may also apply to empty containers, liners or rinsate. Laws may change or be reinterpreted; state and local regulations may be different from federal regulations. This information applies to materials as manufactured; contamination or processing may change waste characteristics and requirement.

Section 14: Transport Information* (non-mandatory)

UN SHIPPING NAME: Phenolsulphonic acid, liquid	UN NUMBER: 1803
HAZARD CLASS: 8	PACKING GROUP: II
SUBSIDIARY CLASS: None	MARINE POLLUTANT INFORMATION: NDA
CLASSIFICATION CODE: C3	LIMITED QUANTITIES: L22
TRANSPORT CATEGORY: 2	HAZARD IDENTIFICATION NO.: 80

Section 15: Regulatory Information* (non-mandatory)

CHEMICAL INVENTORIES:

All components of this product listed in Section 3 are included on the European EINECS, U.S. TSCA, and the Canadian DSL inventory lists.

CLASSIFICATION: C; R35

United States

REPORTABLE QUANTITIES: Sulfuric acid = 1000 lbs.

California Proposition 65 Warning: None

Canada: This product has been classified in accordance with the hazard criteria of the *Controlled Products Regulations* and the MSDS contains all the information required by the *Controlled Products Regulations*.

WHMIS Classification: D1A, E
