#### **Precautionary Statements - Prevention**

Wash face, hands and any exposed skin thoroughly after handling Wear protective gloves/protective clothing/eye protection/face protection

#### **Precautionary Statements - Response**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing Get medical attention

IF ON SKIN: Wash with plenty of soap and water Take off contaminated clothing and wash it before reuse If skin irritation occurs: Get medical advice/attention

#### 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical Name | CAS No      | Weight-%    |
|---------------|-------------|-------------|
| Fillers       | Proprietary | Proprietary |
| Matrix Resin  | Proprietary | Proprietary |

\*\*If Chemical Name/CAS No is "proprietary" and/or Weight-% is listed as a range, the specific chemical identity and/or percentage of composition has been withheld as a trade secret.\*\*

#### **4. FIRST-AID MEASURES**

**First Aid Measures** 

| Eye Contact               | Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention.                                |
|---------------------------|--|
| Skin Contact              | Wash skin with soap and water. Take off contaminated clothing and wash it before reuse. Get medical attention if irritation occurs.  |
| Inhalation                | Remove to fresh air. If not breathing give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen. Get medical attention.               |
| Ingestion                 | Do not induce vomiting without medical advice. Get medical attention immediately.  |
| Most important symptoms a | and effects  |
| Symptoms                  | Causes serious eye irritation. Causes skin irritation; repeated or prolonged contact can cause irreversible damage to human skin. Ingestion may cause headache, dizziness, |

nausea, tinnitus, dyspnea, etc. Inhalation is not a hazard unless product is heated to a high temperature. When heated, vapor can cause irritation of the upper respiratory tract and mucous membranes; high concentrations can cause symptoms similar to those which may be experienced upon ingestion.

#### Indication of any immediate medical attention and special treatment needed

Notes to Physician

Treat symptomatically.

## **5. FIRE-FIGHTING MEASURES**

#### Suitable Extinguishing Media

Foam. Dry chemical. Carbon dioxide (CO2).

Unsuitable Extinguishing Media Not determined.

#### **Specific Hazards Arising from the Chemical**

When exposed to flame, product emits toxic fumes and gases.

#### Hazardous Combustion Products Carbon monoxide.

Page 2/7

#### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

#### **6. ACCIDENTAL RELEASE MEASURES**

| Personal precautions, protective equipment and emergency | procedures |
|--|------------|
|--|------------|

| Personal Precautions      | Use personal protection recommended in Section 8.  |
|---------------------------|--|
| Environmental Precautions | Prevent from entering into soil, ditches, sewers, waterways and/or groundwater. See Section 12, Ecological Information. See Section 13: DISPOSAL CONSIDERATIONS. |

#### Methods and material for containment and cleaning up

| Methods for Containment | Prevent further leakage or spillage if safe to do so.   |
|-------------------------|---|
| Methods for Clean-Up    | Contain and collect with an inert absorbent and place into an appropriate container for disposal. |

# 7. HANDLING AND STORAGE

#### Precautions for safe handling

Advice on Safe Handling Handle in accordance with good industrial hygiene and safety practice. Use personal protection recommended in Section 8. Avoid contact with skin, eyes or clothing. Wash face, hands, and any exposed skin thoroughly after handling.

#### Conditions for safe storage, including any incompatibilities

| Storage Conditions     | Keep container tightly closed and store in a cool, dry and well-ventilated place. Do not store under pure nitrogen or sparge with nitrogen or oxygen-free gas. Store away from direct sunlight, sources of heat, and polymerization catalysts listed in Section 10. |
|------------------------|---|
| Incompatible Materials | Polymerization catalysts such as peroxides, persulfates, light, heat, nitric acid and other strong oxidizers, ammonia and amines, and halogens and halogen compounds.   |

# 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Exposure Guidelines

| Chemical Name | ACGIH TLV | OSHA PEL   | NIOSH IDLH |
|---------------|-----------|--|------------|
| Fillers       |           | (vacated) TWA: 6 mg/m <sup>3</sup> Silica,<br>amorphous <1% Crystalline silica<br>: (80)/(% SiO2) mg/m <sup>3</sup> TWA<br>TWA: 20 mppcf |            |

#### Appropriate engineering controls

**Engineering Controls** Ensure adequate ventilation, especially in confined areas. Eyewash stations. Showers.

#### Individual protection measures, such as personal protective equipment

Eye/Face ProtectionSafety glasses.Skin and Body ProtectionRubber or PVC gloves.Respiratory ProtectionNIOSH-approved respiratory protection for organic gases.General Hygiene ConsiderationsHandle in accordance with good industrial hygiene and safety practice.

# **10. STABILITY AND REACTIVITY**

#### Reactivity

Not reactive under normal conditions.

#### Chemical Stability

Stable under recommended storage conditions.

#### **Possibility of Hazardous Reactions**

None under normal processing.

Hazardous Polymerization Hazardous polymerization may occur, especially when heated or catalyzed.

#### Conditions to Avoid

Keep separated from incompatible substances. Avoid heat and light. Keep out of reach of children.

#### **Incompatible Materials**

Polymerization catalysts such as peroxides, persulfates, light, heat, nitric acid and other strong oxidizers, ammonia and amines, and halogens and halogen compounds.

#### Hazardous Decomposition Products

Thermal-oxidative degradation can produce toxic and corrosive materials, including carbon monoxide.

Page 4/7

# **11. TOXICOLOGICAL INFORMATION**

#### Information on likely routes of exposure

| Product Information |                                  |
|---------------------|----------------------------------|
| Eye Contact         | Causes serious eye irritation.   |
| Skin Contact        | Causes skin irritation.          |
| Inhalation          | Avoid breathing vapors or mists. |
| Ingestion           | May be harmful if swallowed.     |

#### Component Information

| Chemical Name | Oral LD50          | Dermal LD50 | Inhalation LC50 |
|---------------|--------------------|-------------|-----------------|
| Matrix Resin  | = 2500 mg/kg (Rat) | -           | -               |
|               |                    |             |                 |

#### Information on physical, chemical and toxicological effects

Symptoms Please see section 4 of this SDS for symptoms.

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure

#### Carcinogenicity

Group 3 IARC components are "not classifiable as human carcinogens".

| Chemical Name | ACGIH | IARC    | NTP | OSHA |
|---------------|-------|---------|-----|------|
| Fillers       |       | Group 3 |     | Х    |
| Matrix Resin  |       | Group 3 |     |      |

#### Legend

IARC (International Agency for Research on Cancer)

Group 3 IARC components are "not classifiable as human carcinogens"

OSHA (Occupational Safety and Health Administration of the US Department of Labor) X - Present

#### Numerical measures of toxicity

Not determined

#### **12. ECOLOGICAL INFORMATION**

#### Ecotoxicity

The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.

#### Component Information

| Chemical Name | Algae/aquatic plants | Fish                                       | Toxicity to<br>microorganisms | Crustacea                         |
|---------------|----------------------|--|-------------------------------|-----------------------------------|
| Fillers       |                      | 10000: 72 h Cyprinus carpio<br>mg/L LC50   |                               |                                   |

#### Persistence/Degradability

Not determined.

Page 5/7

#### Bioaccumulation Not determined.

Not determined.

Mobility Not determined

#### **Other Adverse Effects**

Not determined

# **13. DISPOSAL CONSIDERATIONS**

#### Waste Treatment Methods

| Disposal of Wastes     | Disposal should be in accordance with applicable regional, national and local laws and regulations. |
|------------------------|---|
| Contaminated Packaging | Disposal should be in accordance with applicable regional, national and local laws and regulations. |

#### California Hazardous Waste Status

| Chemical Name | California Hazardous Waste Status |  |  |
|---------------|-----------------------------------|--|--|
| Fillers       | Toxic                             |  |  |
|               |                                   |  |  |

# **14. TRANSPORT INFORMATION**

| <u>Note</u> | Please see current shipping paper for most up to date shipping information, including exemptions and special circumstances. |
|-------------|---|
| <u>DOT</u>  | Not regulated   |
| IATA        | Not regulated   |
| IMDG        | Not regulated   |

#### US Federal Regulations

#### CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355).

#### **SARA 313**

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

#### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

#### US State Regulations

#### **California Proposition 65**

This product does not contain any Proposition 65 chemicals.

#### **U.S. State Right-to-Know Regulations**
