## **SAFETY DATA SHEETS**

## This SDS packet was issued with item:

071047950

The safety data sheets (SDS) in this packet apply to one or more components included in the items listed below. Items listed below may require one or more SDS. Please refer to invoice for specific item number(s).

## 2 Hazard(s) identification

#### . Classification of the substance or mixture

H222 Extremely flammable aerosol. Flam. Aerosol 1

Press. Gas H280 Contains gas under pressure; may explode if heated.

Skin Irrit. 2 H315 Causes skin irritation.

H361 Suspected of damaging fertility or the unborn child. Repr. 2

STOT SE 3 H336 May cause drowsiness or dizziness.

H304 May be fatal if swallowed and enters airways. Asp. Tox. 1

H401 Toxic to aquatic life. Aquatic Acute 2

Aquatic Chronic 3 H412 Harmful to aquatic life with long lasting effects.

Label elements

. GHS label elements

. Hazard pictograms

The product is classified and labeled according to the Globally Harmonized System (GHS).

. Signal word Danger

. Hazard-determining components of

labeling:

Hydrocarbons, C7, n-Alkanes, Cyclics
Hydrocarbons, C6, Isoalkanes, <5% n-Hexane
Hydrocarbons, C6-C7, n-Alkanes, Isoalkanes, Cycloalkanes,<5% n-Hexane

Hydrocarbons, C6-C7, Isoalkanes, Cyclics, <5% Hexane

. Hazard statements Extremely flammable aerosol.

Contains gas under pressure; may explode if heated. Causes skin irritation.

Suspected of damaging fertility or the unborn child.

May cause drowsiness or dizziness.

May be fatal if swallowed and enters airways.

Toxic to aquatic life. Harmful to aquatic life with long lasting effects.

. Precautionary statements Keep away from heat/sparks/open flames/hot surfaces. - No smoking.

Do not spray on an open flame or other ignition source. Pressurized container: Do not pierce or burn, even after use.

Avoid breathing dust/fume/gas/mist/vapors/spray

Use only in accordance with SDS information. For a copy call 800-800-2888 or visit

www.dentsplysirona.com.

Do not ingest, inhale, or get in eyes.
Use proper barrier protection while using this product. Keep unprotected persons away. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if

present and easy to do. Continue rinsing.

If you experience breathing difficulty, supply fresh air and seek immediate medical

attention

The product generally does not irritate skin, but if irritations occurs seek medical attention.

If problems persist, seek medical attention.

If problems persist, seek medical attention. Do NOT induce vomiting.

(Contd. on page 2)

Printing date 04/17/2018 Reviewed on 04/17/2018

**Trade name: Midwest Plus Spray** 

(Contd. of page 1)

Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.

Dispose of contents/container in accordance with local/regional/national/international

regulations.

. Information pertaining to particular dangers for man and environment:

WARNING:

This product can expose you to chemicals including n-Hexane, which is known to the State

of California to cause birth defects or other reproductive harm.

For more information go to www.P65Warnings.ca.gov.

. NFPA ratings (scale 0 - 4)

Health = 1Fire = 4Reactivity = 3

. HMIS-ratings (scale 0 - 4)

4

Health = 1Fire = 4REACTIVITY 3 Reactivity = 3

. Other hazards

. Results of PBT and vPvB assessment

. PBT: Not applicable. . vPvB: Not applicable.

#### 3 Composition/information on ingredients

**Chemical characterization: Mixtures** 

Description: Active substance with propellant

. Dangerous components:						
Γ	106-97-8 butane (containing ≤ 0,1 % butadiene (106-99-0))					
L		♦ Flam. Gas 1, H220; ♦ Press. Gas, H280				
	74-98-6	propane	10-25%			
L		📀 Flam. Gas 1, H220; 🥎 Press. Gas, H280

Γ	110-54-3	n-hexane	<2.5%			

. Additional information:

For the wording of the listed hazard phrases refer to section 16.

#### 4 First-aid measures

. Description of first aid measures

. General information: Personal protection for the First Aider.

Take affected persons out of danger area and lay down.

. After inhalation: In case of unconsciousness place patient stably in side position for transportation.

Supply fresh air. If required, provide artificial respiration. Keep patient warm. Consult

doctor if symptoms persist.

. After skin contact: If skin irritation continues, consult a doctor.

Wash with water and soap and rinse thoroughly

. After eye contact: Rinse opened eye for several minutes under running water. If symptoms persist, consult a

doctor.

. After swallowing: A person vomiting while lying on their back should be turned onto their side.

Do not induce vomiting; immediately call for medical help.

. Information for doctor:

. Most important symptoms and effects, both acute and delayed Indication of any immediate medical attention and special treatment needed

No further relevant information available.

No further relevant information available.

## 5 Fire-fighting measures

. Extinguishing media

. Suitable extinguishing agents: CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol

resistant foam.

. For safety reasons unsuitable extinguishing agents:

Water with full jet

(Contd. on page 3)

(Contd. of page 2)

## Safety Data Sheet acc. to OSHA HCS

Printing date 04/17/2018 Reviewed on 04/17/2018

**Trade name: Midwest Plus Spray** 

. Special hazards arising from the

**substance or mixture** In case of fire, the following can be released:

Carbon monoxide (CO) Carbondioxid (CO2)

Advice for firefighters
 Protective equipment:
 Additional information
 Wear self-contained respiratory protective device.
 Cool endangered receptacles with water spray.

#### 6 Accidental release measures

Personal precautions, protective

equipment and emergency procedures

Ensure adequate ventilation Keep away from ignition sources

. Environmental precautions:

Do not allow product to reach sewage system or any water course. Inform respective authorities in case of seepage into water course or sewage system.

. Methods and material for

**containment and cleaning up:** Ensure adequate ventilation.

Do not flush with water or aqueous cleansing agents

Reference to other sections See Section 7 for information on safe handling.

See Section 7 for information on sale handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

#### . Protective Action Criteria for Chemicals

· I TOLECTIV	e Action Officia for Officials	
. PAC-1:		
106-97-8	butane (containing ≤ 0,1 % butadiene (106-99-0))	5500* ppm

74-98-6	propane	33000*** ppm
75-28-5	isobutane (containing ≤ 0,1 % butadiene (106-99-0))	53000*** ppm
110-54-3	n-hexane	8600** ppm
	1-Buten	17000*** ppm
	2-Buten	6,600 ppm
110-82-7	cyclohexane	10000** ppm

#### 7 Handling and storage

. Handling:

Precautions for safe handling

Open and handle receptacle with care.

. Information about protection

against explosions and fires:

Keep ignition sources away - Do not smoke.

Protect from heat.

Protect against electrostatic charges.

Pressurized container: protect from sunlight and do not expose to temperatures exceeding

50°C, i.e. electric lights. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material.

#### . Conditions for safe storage, including any incompatibilities

. Storage:

. Requirements to be met by

storerooms and receptacles:

Store in a cool location.

Observe official regulations on storing packagings with pressurized containers.

. Information about storage in one common storage facility:

Store away from foodstuffs.

Further information about storage conditions:

Protect from heat and direct sunlight.

Keep receptacle tightly sealed.

Store in cool, dry conditions in well sealed receptacles.

Protect from heat and direct sunlight.

(Contd. on page 4)

Printing date 04/17/2018 Reviewed on 04/17/2018

**Trade name: Midwest Plus Spray** 

. **Specific end use(s)**No further relevant information available.

(Contd. of page 3)

#### 8 Exposure controls/personal protection

. Additional information about

design of technical systems: No further data; see item 7.

. Control parameters

Components with limit values that

require monitoring at the

workplace:

EINECS: 265-151-9 Naphhta (petroleum), hydrotreated light

AGW 600 mg/m³, 170ml/m³ (german rule)

The following constituents are the only constituents of the product which have a PEL, TLV

or other recommended exposure limit.

At this time, the other constituents have no known exposure limits.

106-9	97-8	butane	(co	ntaining	≤ 0,1	% butadiene	(106-99-0))

REL Long-term value: 1900 mg/m³, 800 ppm TLV Short-term value: 2370 mg/m³, 1000 ppm (EX)

74-98-6 propane

PEL Long-term value: 1800 mg/m³, 1000 ppm REL Long-term value: 1800 mg/m³, 1000 ppm TLV refer to Appendix F inTLVs&BEIs book; D, EX

110-54-3 n-hexane

PEL Long-term value: 1800 mg/m³, 500 ppm REL Long-term value: 180 mg/m³, 50 ppm TLV Long-term value: 176 mg/m³, 50 ppm Skin: BEI

#### . Ingredients with biological limit values:

#### 110-54-3 n-hexane

BEI 0.4 mg/L

Medium: urine

Time: end of shift at end of workweek

Parameter: 2.5-Hexanedione without hydrolysis

. Additional information: The lists that were valid during the creation were used as basis.

. Exposure controls

. Personal protective equipment:

. General protective and hygienic

measures:

. Breathing equipment: Not required.
. Protection of hands: Solvent resistant gloves

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the

preparation

Due to missing tests no recommendation to the glove material can be given for the

product/ the preparation/ the chemical mixture.

Wash hands before breaks and at the end of work.

Selection of the glove material on consideration of the penetration times, rates of diffusion

and the degradation

. Material of gloves Nitrile rubber, NBR

Recommended thickness of the material:  $\geq 0.7$  mm

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be

calculated in advance and has therefore to be checked prior to the application.

. Penetration time of glove material Value for the permeation: Level ≤ 0,7 mm 480min (8h) ĖN374

The determined penetration times according to EN 374 part III are not performed under practical conditions. Therefore a maximum wearing time, which corresponds to 50% of the penetration time, is recommended.

The exact break through time has to be found out by the manufacturer of the protective

gloves and has to be observed.

. Eye protection: Tightly sealed goggles

#### 9 Physical and chemical properties

. Information on basic physical and chemical properties

General Information

. Appearance:

Form: Aerosol
Color: Colorless
Odor: Characteristic
Odor threshold: Not determined.

Trade name: Midwest Plus Spray	
	(Contd. of page 4)
. pH-value:	Not determined.
. Change in condition Boiling point/Boiling range:	-44 °C (-47.2 °F)
. Flash point:	-97 °C (-142.6 °F)
. Flammability (solid, gaseous):	Not applicable.
. Ignition temperature:	260 °C (500 °F)
. Decomposition temperature:	Not determined.
. Auto igniting:	Product is not selfigniting.
. Danger of explosion:	Product is not explosive. However, formation of explosive air/vapor mixtures are possible.
. Explosion limits: Lower: Upper:	1 Vol % 10.9 Vol %
. Vapor pressure at 20 °C (68 °F):	~400 hPa (~300 mm Hg)
. Density at 20 °C (68 °F): . Relative density . Vapor density . Evaporation rate	0.695 g/cm³ (5.7998 lbs/gal) Not determined. Not determined. Not applicable.
. Solubility in / Miscibility with Water:	Not miscible or difficult to mix.
. Partition coefficient (n-octanol/wate	r): Not determined.
. Viscosity: Dynamic:	Not determined.
. Solvent content:    Organic solvents:    Water:    VOC content:	45.6 % 0.0 % 46.37 %
Solids content: . Other information	0.0 % No further relevant information available.

## 10 Stability and reactivity

. Reactivity
. Chemical stability No further relevant information available.

. Thermal decomposition / conditions

No decomposition if used according to specifications. to be avoided:

. Possibility of hazardous

reactions No dangerous reactions known.

Conditions to avoid No further relevant information available. Incompatible materials:
Hazardous decomposition No further relevant information available.

products: No dangerous decomposition products known.
