

## **SAFETY DATA SHEETS**

**This SDS packet was issued with item:**

075349576

**The safety data sheets (SDS) in this packet apply to the individual products listed below. Please refer to invoice for specific item number(s).**

075348693 075349519 075349600 075349667

**The safety data sheets (SDS) in this packet apply to one or more components included in the items listed below. Items listed below may require one or more SDS. Please refer to invoice for specific item number(s).**

075348727 075348750 075348784 075348818 075348842 075348875 075348909 075348933 075348966 075348990  
075349022

**Section 1 – Identification**
**Product Name:** WIRE WAX "KEWAX"

**Manufacturer:** Keystone Industries  
52 W King St  
Myerstown PA 17067

**Chemical Name /** Wax  
**Synonyms:**
**Information Contacts:** (856) 333-3131

**Emergency Phone Numbers:** US & Canada ( 800 ) 535 - 5053

**Family:** Dental waxes

**EU Address:** KEYSTONE EUROPE LLC.  
Batavenweg 7

**Product Use:** Dental Modeling

5349BC OSS, Netherlands

**Product #:** 1880500, 1880510, 1880520, 1880530,  
1880540, 1880550, 1880560, 1880570, 1880580, 1880590,  
1880600, 1880620, 1880630, 1880640, 1880650, 1880660,  
1880670

**Emergency EU Phone Numbers:**  
International: 1-352-323-3500

**Section 2 – Hazards Identification**
**EMERGENCY OVERVIEW**

This information is based on findings from related or similar materials.

- Material is not considered hazardous by OSHA per 29 CFR 1910 and EU directives.
- Molten Resin cause severe thermal burns.
- Thermal decomposition will generate irritant and harmful gases.

**Potential Health Effects, Signs and Symptoms of Exposure:**

Primary Route of Entry

Eye	Fumes from molten product may cause irritation. Contact with molten product may cause severe thermal burns.
Skin	Prolong contact is essentially non-irritating to skin. There can be mechanical injury, if impacted with skin. Under normal processing conditions, material is heated to elevated temperatures; contact with the material can cause thermal burns. No adverse effects anticipated by skin absorption.
Ingestion	Low order of acute systematic toxicity.
Inhalation	Product dust may cause respiratory tract irritation. Molten wax may cause irritation to the respiratory tract.

NOTE: Refer to Section 11, Toxicological Information for Details

**Section 3 – Composition/Information on Ingredients**

None of the components in this product are considered hazardous by OSHA per 29 CFR 1910 and by any EU directives.  
Consists of a mixture of waxes, resins, and pigments.

Chemical Identity	CAS Numbers	EINECS#	INCI Name	Exposure OSHA TWA/STEL	Limits ACGIH TWA/STEL	Carcinogen IARC/NTP/OSHA	%
Microcrystalline Wax	63231607			2 ppm (mg/m <sup>3</sup> )	2 ppm (mg/m <sup>3</sup> )	N/E	100%
N/E – None Established	N/DA – No Data Available						
N/R – Not Reviewed	N/A – Not Applicable						

This product is completely colophony free with no detectable trace elements.

See Section 16 for Hazard and Precautionary Statement Key.

**Section 4 – First Aid Measures**

Solid Product is neither an irritant nor gives off hazardous vapours at ambient temperatures

First Aid for Eye	Ambient wax – flush wax particles with tepid water. Hot wax – seek medical attention.
First Aid for Skin	Ambient wax – wash with soap and water. Molten wax – cool wax immediately – do not remove wax from skin. Seek medical attention.
First Aid for Ingestion	Small quantities – permit to pass through system. Large quantities – seek medical attention.
First Aid for Inhalation	When fume or mist occurs remove to fresh air. If person is not breathing provide oxygen or artificial respiration. Seek medical attention.

**Section 5 – Fire Fighting Measures**

Flash Point (°F/°C)	Flammable Limit (vol%)	Auto-ignition Temperature (vol%)
>200°C COC, ASTM D-92	LEL: N/A UEL: N/A	Not Determined

**Method:**

Extinguishing Media: Use water fog, alcohol-type foam, dry chemical, or CO<sub>2</sub>. Do not use direct stream of water.

Fire Fighting Instructions: Firefighters should wear proper protective equipment and self-contained breathing apparatus with full face piece in positive pressure mode. Move containers from fire area if it can be done without risk. Use water to keep fire-exposed containers cool.

Unusual Hazards: As with most solid or particulate organic material, extremely high dust concentration in air may result in a potential fire hazard. Good housekeeping practices will prevent any significant accumulations.

**Section 6 – Accidental Release Measures**

Spill or Release Procedures: Minor spills – Clean up immediately. Slipping hazard. In molten state, avoid contact with skin and eyes. If possible, allow material to cure, before handling.

Major spills – Clear area of personnel. Restrict access to area. Clean up immediately. Slipping hazard. In molten state, avoid contact with skin and eyes. If possible, allow material to cure, before handling.

See section 8 & section 12.

**Section 7 – Handling and Storage**

Handling: No special handling requirements when product is at room temperature. If handling in molten state, see section 8. Observe good standard hygiene measures in handling chemical substances.

Storage: Store dry at temperatures not exceeding 45°C. Do not store in direct sunlight. Keep away from food.

Explosion Hazard: None.

**Section 8 – Exposure Controls / Personal Protection**

Engineering Controls: No special engineering controlled required. Local ventilation is adequate.

**Personal Protective Equipment**

General: To identify additional Personal Protective Equipment (PPE) requirements, it is recommended that a hazard assessment in accordance with the OSHA PPE Standard (29CFR1910.132), or European Standard EN166 be conducted before using this product.

Eye/ Face Protection: Wear safety glasses with side shields. Wear face shield during thermal process.

Skin Protection: Thermal insulating glove when handling molten product. Protective work clothing.

Respiratory Protection: None under ordinary operating use.

**Section 9 – Physical and Chemical Properties**

Appearance	Odor & Odor Threshold	pH	Specific Gravity	Viscosity	% Volatile
Waxy solid	Little or no odor	N/A	(H <sub>2</sub> O = 1): 0.934	N/A	N/A

Boiling Point/ Freezing Point	Decomposition Temperature	Octanol/Water Partitioning Coefficient Log Po/w	Vapor Pressure:	Vapor Density	Evaporation Rate	Ignition	Solubility In Water (20°C)
660 - 730°F/ N/A	N/E	N/DA	N/A	N/A	N/A	N/E	Insoluble

Flash Point (°F/°C)	Flammable Limit (vol%)	Auto-ignition Temperature (vol%)
>200°C COC, ASTM D-92	LEL – N/A UEL – N/A	Not determined

**Section 10 – Stability and Reactivity**

**Stability:**  
Stable

**Incompatibility (Materials to Avoid):**  
Strong oxidizing materials

**Section 13 – Disposal Considerations**

Dispose of in compliance with governmental regulation (state and federal).

Dispose of container and unused contents in accordance with federal, state and local requirements. For EU Member States, please refer to any relevant Community provisions relating to waste. In their absence, it is useful to remind the user that national or regional provisions may be in force.

**Section 14 – Transport Information**

Non-regulated, non-hazardous material: DOT, IATA, IMO (IMDG).

**Section 15 – Regulatory Information**
**US Federal Regulations**

Clean Air Act: HAP/ODS	This product contains the following HAP's or ODS: • NONE
Clean Water Act: Priority Pollutant	This product contains the following chemicals listed under the U. S. Clean Water Act Priority Pollutant and Hazardous Substance List: • None
FDA: Food Packaging Status	This product has not been cleared by the FDA for use in food packaging and / or other applications as an indirect food-packaging additive.
Occupational Safety and Health Act	This product is considered to be hazardous under the OSHA Hazard Communication Standard. It's hazards are: • None
SARA Title III: Section 302 (RQ)	This product contains no chemicals regulated under Section 302 as extremely hazardous substances.
SARA Title III: Section 302 (TPQ)	This product does not contain chemicals regulated under Section 304 as extremely hazardous chemicals for emergency release notification ("CERCLA" List).
SARA Title III: Section 311-312:	This product is not considered to be hazardous under the OSHA Hazard Communication Standard and is regulated under Section 311-312 (40 CFR 370).
